Teraces of Athens

Návrh kulturní instituce jako platformy veřejného setkávání a kulturních událostí soudobých Athén. Kulturní centrum založené na požadovaném auditoriu, restauraci a výstavním prostoru se snaží o vytvoření veřejné střešní piazzetty Piazzetta je koncipována jako veřejný prostor přilehlý k hlavní athénské promenádě. Zároveň je piazzeta střešou a hlavním vstupním prostorem do kulturní instituce pod ní. Všichni návštěvníci tak vstupují do budovy skrz městský život na střešní piazzettě. Cílem tohoto uspořádání je představa vzniku fascinující řady neobvyklých situací, které obohatí současný athénský život místním i turistům.
