Course of the defence:*Discussion about the issues raised by the members of the Committee:*

- The issues raised in the reviewer's and supervisor's reviews were explained with prepared presentation.
- Committee had no reservations to the student's answers on the raised issues.
- Present supervisor of the Master's thesis also had no reservations to the student's answers.

Formal comments about the Master's thesis raised by the members of the Committee:

-

doc. Mgr. Ing. Václav Záda, CSc.:

Did you use Lyapunov method or Lasalle invariant theorem in your diploma thesis?

- I used only linearized system, so it was applied only classical method for linear system stability analysis.
